

New Source Review newspaper advertisements for construction permit applications, October 19, 2006. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: October 17, October 18, or October 19, 2006. Public notices are generally published every two weeks. The previous publication of public notices was October 3 – 5, 2006.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is The Independent Funeral Group, Inc. with a mailing address of 503 National Drive, Maryville, TN 37804. They seek to obtain an air contaminant permit (Division identification number: 05-0051-04/60335) for construction of a Human Crematory at the same address. This proposed operation would consist of a multiple chamber modular cremation retort and containers. Natural gas would be used for fuel. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Kevin McLain is the assigned Division person.

For the Blount County “Maryville Daily Times”--published once on or before Thursday, October 19, 2006.

The applicant is Concrete Materials, Inc. with a mailing address of P.O. Box 1051, Morristown, TN 37816-1051. They seek to obtain an air contaminant permit (Division identification number: 45-0132-01/60349) for construction of a Concrete Batch Plant on Epcro Road, Dandridge, TN 37725. This proposed operation would consist of a concrete batch plant, silos, and associated equipment used to produce concrete ready mix. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Kevin McLain is the assigned Division person.

For the Jefferson County “Standard-Banner”--published once on or before Thursday, October 19, 2006.

The applicant is Grace Express Cleaners with a mailing address of 2361 Madison Street, Clarksville, TN 37043. They seek to obtain an air contaminant permit (Division identification number: 63-0169-01/60365) for construction of a Dry Cleaning Operation at 2102-B Trenton Road, Clarksville, TN 37043. This proposed operation would consist of a perchloroethylene dry-to-dry machine and associated equipment used to dry clean clothes. A

refrigerated condenser and carbon adsorber would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Montgomery County "Leaf-Chronicle"--published once on or before Thursday, October 19, 2006.

The applicant is North American Fiberglass, Inc. with a mailing address of 1610 Morgan Street, Union City, TN 38961. They seek to obtain an air contaminant permit (Division identification number: 66-0124-01/60197) for construction of a Fiberglass Pool Manufacturing Facility at 1610 Morgan Street, Union City, TN 38961. This proposed operation would consist of three spray booths for the application of gelcoat, vinylester resin, and polyester resin for the fabrication of fiberglass reinforced composite pools. Exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. G. Latif is the assigned Division person.

For the Obion County "Union City Daily Messenger"--published once on or before Thursday, October 19, 2006.

FIRST APPLICANT

The first applicant is Standard Register Company with a mailing address of P.O. Box 839, Murfreesboro, TN 37127. They seek to obtain an air contaminant permit (Division identification number: 75-0149-16/60356) for construction of a Printing Press at 325 Butler Drive, Murfreesboro, TN 37130. This proposed operation would consist of a printing press and associated equipment used to print on bond paper. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

SECOND APPLICANT

The second applicant is Woodfin Funeral Chapel and Crematory with a mailing address of P.O. Box 636, Murfreesboro, TN 37133. They seek to obtain an air contaminant permit (Division identification number: 75-0602-01/60361) for construction of a Human Crematory at 1488 Lascassas Pike, Murfreesboro, TN 37130. This proposed operation would consist of a multi-chamber incinerator used to cremate human remains. Liquid propane would serve as fuel for the incinerator. The incinerator would have an internal afterburner for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. W. Collins is the assigned Division person.

For the Rutherford County "Daily News Journal"--published once on or before Thursday, October 19, 2006.
